- 6. One-of-a-kind Diamonds Direct custom jewelry package featuring a natural fancy canary yellow 1.54 carat diamond:** In addition to this very special diamond, Diamonds Direct will give you an exclusive one-on-one design session with Diamonds Direct's very own Turkish Master Jeweler, Sureyya Cam. Sureyya is an extremely talented and experienced master jeweler with nearly 50 years of design experience in Turkey and the United States. You and Sureyya will take this precious gem and design a one-of-a-kind gold and diamond fine jewelry piece. Your series of design sessions with Sureyya begins with a hand sketch of your personalized custom jewelry piece. Using the sketch, Sureyya will then create a 3-D image with a CAD-CAM technology. The 3-D image will enable you and Sureyya to see every aspect of your creation and make instant modifications. Once the CAD-CAM design is finalized, Sureyya will craft a wax mold of your custom item for you to examine, hold, and try on. This stage of design offers the last opportunity to make changes before Sureyya casts the piece into metal and sets the diamonds. Once the jewelry item is complete, Sureyya and Diamonds Direct will not only deliver the one-of-a-kind fine jewelry piece, but also a hard bound book documenting your unique design experience, beginning with photos from tonight, through the design process, then to delivery of the item, ultimately creating a true family heirloom.

Value: \$17,500
